Play Time and Tournaments

1. Playing time at all competitions (defined as tournaments, games, training trips and/or scrimmages) will be determined by the coaching staff and the coaching staff alone. There are a wide variety of factors that determine playing time and all coaches will adhere to the following guidelines when determining playing time.
 1. Players ability
 2. Players' attitude, focus, attendance, and sportsmanship at practices and/or competitions
 3. The number of players present at a competition
 4. The level of play and skill for any competition

5. Players adherence to the behaviors and duties expected of them as stated in the club code of conduct & the Torpedoes Participant Agreement

These factors may increase or decrease playing time, including no playing time at all, at any competition. Any violation to the Torpedoes, AWPA, WPC code of conduct or failure to meet the expectations in the player agreement can and will affect playing time.

2. There are two main types of competitions that we will participate in. Those types of competitions are:
 1. Competitive competitions (Age Group Opens & Invitationals, NCL League, Westerns, National Tournaments/games, or any other competitions defined as competitive by the club)
 1. At competitive competitions, the goal is to place as high as possible, while staying in line with our club policies and core values. Playing time may not always be equal at competitive competitions and is at the discretion of the coaching staff.
 2. Development competitions (Scrimmages with other clubs, training trips or any other competitions defined as developmental by the club)
 1. At developmental competitions, the goal is to help develop skills and improve each player as much as possible. Playing time should be equal among every player to help each player develop as much as possible with the exception of any attendance or disciplinary issues. Please see item #1 above for more details.
3. Playing time will follow the above guidelines and is not to be questioned at any time. If the above guidelines are not being followed, please contact the Athletic Director.
